PROJECTS

Social-Sync ↗ | Java, Spring-Boot, Spring-security, PostgreSQL, AWS-s3
- Developed a social networking application using Java (Spring Boot) as the back-end framework and PostgreSQL database.
- Implemented key features, including user registration, profile customization, friend requests, follows, and followers. Additionally, incorporated functionalities for posting and sharing content in various media formats, customizable privacy settings, and an intelligent activity feed.
- Ensured secure authentication and authorization processes. Utilized cloud storage (S3) for efficient media storage.

Shopping Verse ↗ | Java, Spring-Boot, MySQL
- **Built an e-commerce** app and implemented **rest APIs** which includes features for both buyer and seller sides like:-.
- Customer registration, Product Management, Masked card storage, Advanced filters, and Email notification for customer communications.

BookMyJab ↗ | Java, spring-boot, MySQL, spring-security
- Designed and implemented a vaccination booking system with rest APIs to efficiently manage key functionalities, including:
- APIs for person registration, doctor and vaccination center management, and appointment booking for respective dosages.
- email confirmation for appointments and successful doses taken,role-based access control to ensure secure interaction

TECHNICAL SKILLS

Programming/Scripting languages: Java, JavaScript, HTML, CSS
Skills: Database Management System (DBMS), API development, Rest APIs, MySQL, Data Structures & Algorithms, Backend Development.
Softwares/Frameworks: VS Code, IntelliJ IDEA Ultimate, Figma, Spring Boot, Postman, React

TRAINING

AccioJob | Full Stack Web Development   **October 2022 – Present**
- Currently pursuing a comprehensive **Full Stack Web Development** course, gained proficiency in solving intermediate-level **DSA questions**.
- Additionally, acquired **hands-on experience** in backend technologies like **Spring Boot, Rest APIs, and Postman** enhancing my ability to create robust and efficient web applications.

EDUCATION

NITTE MEENAKSHI INSTITUTE OF TECHNOLOGY   **August 2018 – September 2022**
*Bachelor of Engineering - **CGPA** - **7.5***   *Bangalore, Karnataka*

Work History

ACKO ↗   **March 2022 – September 2022**
Intern   *Bangalore, Karnataka*
- Collaborated effectively within a team, fostering dedication and responsibility. Demonstrated proficiency in managing personal assignments, achieving time-sensitive goals, and excelling in demanding circumstances
- Adapted seamlessly to organizational ethos and surroundings, showcasing adaptability and embracing innovative work methodologies.

ACHIEVEMENTS

- 1st in the Inter-College 3D modeling competition.
- Solved more than **800 DSA questions** across various coding platforms.
- Solved **150+ questions on LeetCode**.

CERTIFICATIONS

- Java (Basics) - HackerRank
- CSS - HackerRank
- Data Structures and Algorithms
